

Just a Hello - Handmade Card

Using our 110 LB Cardstock
www.blackberrydesigns.com
By Nyoka Smith

Step 1

Cut out your Blackberry Lady image and ink the edges with Tim Holtz's Tea Dye distress ink.

Step 2

Mat your image on the black cardstock using double stick tape. I usually don't measure my

matting, I just cut my mat to fit the image, but this mat measured $2 \frac{3}{8} \times 2 \frac{3}{4}$. Lay your matted and prepared lady image aside.

Step 3

Cut your piece of background pattern paper. I used K and Co. Ancestry.com Teal Floral and Letter. Ink the edges with the Vintage Photo distress ink. Cut the piece of pattern paper for the bottom accent. I used Daisy D's Amour. Punch the bottom of this piece with a border punch. Ink all your edges with the Vintage Photo ink.

Step 4

Punch a piece of the black cardstock with the lace punch to make a small black mat and adhere this behind the bottom of this pattern paper.

Attach this piece close to the bottom of the card leaving a small edge. Attach all pieces with your favorite adhesive; I most often use double stick tape.

Step 5

Ink your scroll stamp with the Vintage Photo ink and stamp along the right side of your background paper allowing the stamp to overlap the bottom piece of pattern paper.

Step 6

Punch and ink your flowers with the Vintage Photo ink. (or use silk flowers)

Attach your flowers with a brad into the middle of your stamped scroll.

Adhere the Blackberry Lady image at an angle (for interest) beside the stamped scroll

Step 7

My sentiment was computer generated then inked and matted on a piece of the black cardstock. Adhere the decorated card front to your card base. Place your desired sentiment on the inside of the card.

Hope you receive lots of ooohs and ahhh's from your friends on your beautiful handmade card!

Supplies

Card base – $6 \frac{3}{8} \times 9 \frac{1}{4}$ (folded in half)
Pattern Paper background – $4 \frac{3}{8} \times 6 \frac{1}{8}$
Pattern Paper Strip for bottom of card - $2 \frac{3}{4} \times 4 \frac{3}{8}$
